SIMPLE. AFFORDABLE. QUALITY.

BudgetBatch™

The BudgetBatch ready mix concrete batch plant is the perfect option for production needs up to 80 cubic yards per hour. It is the ideal start-up plant or satellite plant.

Packed with the latest innovations the BudgetBatch provides world-class production performance in a fully customizable system.

It is our most affordable concrete plant with no compromise to high-quality or features and equipment.

- ★ 12-yard Cement Batcher
- ★ Aeration Blower System

Aggregate System

Conveyors

Belt Size	Tons/hr	Length	Discharge Height
24"	340	40'	14'
30"	550	40'	14'
36"	815	40'	14'

- ★ 30-ton, 2-Compartment Aggregate Bin
 - 13'-3"H x 10'-4"W x 16'-5"L
- ★ Polyurethane Belt Cleaning System
 - Moisture Sensor available

Water System

- ★ 3" Badger® Meter
- ★ Six Threaded Inlets for Admixes
 - Weighed Water available

Electrical & Pneumatic

- ★ NEMA 4X MCC with 200A Main
- ★ 10 hp, 120-gallon Air Compressor
 - Larger hp and Air Dryer available

The BudgetBatch is designed for growth!

We purpose-built the aggregate section to accommodate the addition of overhead aggregate storage in the future. Add a larger two, three, or four compartment bin with capacity of up to 200-tons and you will have transformed your BudgetBatch into our high-production Accumulator® model concrete batch plant. As your production needs grow, so can your plant!

Popular Options

- Mobile version
- Load point dust collector
